In what ways did your team work well together?

We were able to clearly focus on the task at hand, and communicated in a way each of us can understand and keep up.

What sorts of challenges did you have working together? How could you address these challenges moving forward?

Trying to get each of us on the same page when one or two or all of us didn't understand something.

(Only if this is a team you've already worked with) What did you do differently from last week to improve your collaboration?

N/A

Are you happy with what your team achieved in this lab? Why or why not?

Yes, as I felt that we were able to become friends as well as someone we can ask to for help.

Additional comments on your evaluation or anything else you would like to share:

None.
